

# Colonial Academic Alliance (CAA) Undergraduate Research Symposium

Center for the Support of Undergraduate Research and Fellowships (CSURF)

---

The 12 member schools of the Colonial Academic Alliance highlight student scholarship during the annual CAA Undergrad Research Symposium. During the weekend's events, more than 70 of the CAA's "best and brightest" will celebrate the academic strength of the conference. Student research is a major area of focus for the CAA schools. Involving undergraduate students in research and scholarship provides them with invaluable experience as they work as colleagues with faculty. Undergraduates from each CAA school will present their research in either poster or oral-presentation sessions. The symposium is at Virginia Commonwealth University and it will be held on April 16-17, 2010. **Limited number of spots. Application due March 8. Notification of abstract acceptance will be by March 10.**

Please fill form and submit completed file to [csurf@uncw.edu](mailto:csurf@uncw.edu) or drop off at the Honors Scholars Program Office, second floor Randall Library.
