Overall GPA: _____

GPA at UNCW: _____

GPA in Major: _____

(Note: Please print and attach an academic transcript to this application.)

PERSONAL STATEMENT

The Crandall Scholarship was created by the generous gift of Wilmington residents Mark Griffis and Dave Robertson in honor of Doctor Melanie Crandall. They have seen that science is the foundation of Melanie's healing gift as an eye doctor, and they hope and pray that scholarship recipients will see their role as healers and helpers for themselves and others in the community.

In support of your application, please provide a brief statement that addresses your academic experience and your commitment to community service. Please limit your statement to the space given below (about 400 words). It should specifically describe:

- Your areas of interest in geography and geology, and any future plans you have in your field.
- Your past record of and future commitment to community involvement, public service, or volunteerism in support of non-profit organizations or programs.

RECOMMENDATION

Applicants must arrange for a faculty member in the Department of Geography or Geology to write a short letter of recommendation in support of your application. The faculty member should be in a position to address your academic achievement and potential in geography or geology. The letter should be no longer than one page, and must be received by the Scholarships and Awards Committee by the deadline at the address given below.

Faculty Recommender: _____

AFFIRMATION

I affirm that all information in this application is true and accurate at the time of submittal.

Applicant's Signature

Date

Submit one signed original and four additional copies to:
