

UNIVERSITY OF NORTH CAROLINA WILMINGTON

Computer Expense 2009-2010

Student Name: _____ Student ID: _____
Last First MI

Dear Student:

You have indicated that you will incur a computer expense during 2009-2010. Federal regulations allow the Office of Scholarships & Financial Aid to make adjustments to student budgets based on additional expense incurred from the purchase of a computer. Students are allowed only one budget increase based on the purchase of a computer during their attendance at UNCW. Please complete the information below and return to our office. You must attach an estimate or receipt to verify your computer expense allowable amount. You will be notified once a decision is made and you can view all changes on SEANET. This additional financial aid adjustment is typically in the form of student loans (if eligibility remains) or a parent PLUS loan. The maximum allowable amount that we will approve is \$1,500. If your costs exceed this amount, please indicate the reason (i.e., film studies major require specific software programs).

Per federal regulations, funds will be disbursed equally between fall and spring semesters.

I certify that I will spend \$ _____ to purchase a computer in 2009 - 2010, as indicated on the attached estimate/receipt. I understand that this budget increase for computer expense is permitted only with the approval of my financial aid counselor. I wish to borrow \$ _____ in student loan funds to help cover the cost of the computer.

Student's Signature: _____ Date: _____

If computer expense funds are offered to parents in the form of a PLUS loan, please indicate the maximum amount the parent wishes to borrow. \$ _____

Parent Signature: _____ Date: _____
