Cost of Attendance and Enrollment Form
for UNCW Education Abroad Programs

This form is utilized to consider all legitimate costs associated with an education abroad program to aid in the determination of eligibility for financial aid. Check with your financial aid counselor to determine if a Cost of Attendance and Enrollment form for your particular program will be submitted directly by the Office of International Programs (OIP) to the Office of Scholarships and Financial Aid (OSFA). If not, complete the top section of this form and submit it to Anika Wooten, in OIP, along with supporting documents which detail program-related costs. These details can typically be obtained through the sponsoring program provider, host school international office, or their website.
