It is the responsibility of each member to update their file on an annual basis to remain in the scholarship eligibility pool. Member information updates may be submitted at any time via electronic or standard mail. Scholarships are funded by private grants and membership fees. State and Federal funds are not used to support the scholarship program. The total number and amounts of scholarships granted are based upon the total funds available to the scholarship committee each academic year. Scholarships are distributed directly to the recipient members in the form of stipend checks and may be subject to State or Federal taxation as reportable income.
