

# !!! Scholarship Funds!!!

Dear Student,

My name is Tyrone Frink and I am the Medical Programs Placement Chief for the US Navy in your area. I am contacting you to relay information about a medical scholarship that you may qualify for. This opportunity is available to students planning to attend medical, dental or optometry school. (Scholarship Contingency Letter will be given to student ensures or increases admissions opportunity)

Our program allows you the following benefits while pursuing your education:

<b>100% TUITION</b>	<b>PAID</b>
<b>REQUIRED BOOKS</b>	<b>PAID</b>
<b>LABORATORY FEES</b>	<b>PAID</b>
<b>REQUIRED EQUIPMENT</b>	<b>PAID</b>
<b>HEALTH INSURANCE</b>	<b>PAID</b>

After you complete medical school you will work as a **Navy doctor** for each year of scholarship received. That's it! You can graduate virtually debt free and be commissioned as a Naval Officer in the Medical Corps.

In addition, while completing your education, you will receive a stipend of **\$1,235** per month until graduation.

**Selected students have NO outside requirements to drill, get haircuts, wear uniforms, etc.** The only requirements are to continue what you've been doing all along, maintaining strong academic performance. You must be less than 40 years of age upon graduation and because you will be considered for a security clearance, you must be a U.S. citizen.

You DO NOT HAVE TO HAVE A LETTER OF ACCEPTANCE to be awarded this scholarship. We can award it contingent upon your acceptance into medical school.

I will be glad to put you in touch with students in this program that our office has PERSONALLY worked with. To speak with me about the program, please call **1-800-662-7568**, or reply to this email. I look forward to hearing from you, and would appreciate an address and telephone number where I can contact you directly.

P.S. , if you're not interested in being considered, I request that you reply to this email with a simple 'no thanks' and I'll remove you from our list of potentially qualified applicants.
