

TYLENOL Scholarship

Dear Educator,

Training qualified people to work in health-related fields is critical to achieving America's high standards of healthcare. However, education costs are rising steeply, making it increasingly difficult for students and parents to keep up. That's why we're continuing our annual TYLENOL® Scholarship program.

In 2009, we'll be awarding a total of \$250,000 in scholarship money to outstanding students who are pursuing health-related studies.

Please encourage your students to take advantage of this opportunity now (the application deadline is May 15, 2008). Applicants should apply online at www.tylenol.com/scholarship, using access key TYNL. You can help by distributing copies of the accompanying reproducible flyer at upcoming college fairs and wherever student aid literature is available.

As the makers of TYLENOL®, we take education seriously, and our scholarship program is just one of the ways we support America's next generation of healthcare providers. We understand that medicine may treat the condition, but it takes dedicated people to treat the patient.

Thank you for your assistance.

Sincerely,

Eric Bruno
Vice President, Marketing
