

I. Name

James D. Johnson

II. Rank

Professor of Psychology

III. Education

<u>Degree</u>	<u>Field of Study</u>	<u>Institution</u>
Doctorate	Social Psychology	Indiana University
Bachelors of Arts	Psychology	A&T State University

III. Professional Experience

<u>Title</u>	<u>Institution</u>
Psychologist	UNC-Wilmington

IV. Membership in Professional Societies

- Psi Chi
- Southeastern Psychological Association
- Society of Experimental Social Psychology
- Society for the Psychological Study of Social Issues

V. Grants

- National Cancer Institute, Improving Cancer Outcomes for Minorities in Southeastern North Carolina, \$3,500,000 (Consortium with New Hanover Hospital & Wake Forest Medical School), 2003
- National Institute of Alcohol Abuse and Addiction, Alcohol and Sexual Aggression: A test of the Alcohol Myopia versus Disinhibition Theories, \$605,000, 2002
- University of North Carolina Cahill Award, Assessing antiWhite bias among a Black community sample, \$2500, 2002
- University of North Carolina Faculty Research Award, The mediating role of alcohol on the impact of salient aggressive cues, \$2300, 2000
- Alcohol Beverage Medical Research Foundation, Assessing the effects of intoxication on perceptions of female sexual intention, \$40,000, 1994

VI. Grants to be Submitted

Developing a “Cultural Report Card” of Black HealthCare Satisfaction. In collaboration with Coastal Area Health Education Center and New Hanover County Hospital. National Cancer Institute, \$200, 000 (to be submitted November 15th).

VII. Honors and Awards

- Awarded the “Chancellor’s Teaching Excellence Award” for the College of Arts and Science
- Selected as “Professor of the Year” by campus Greek Organizations
- Selected to participate in the Visiting Scholars Program by Southeastern Psychological Association
- Selected for “Best presentation of the year” by Residence Hall Association
- Selected as “Professor of the Year” by the Freshman Honor Society
- Editorial focused exclusively on 1995 rap music study featured in *Washington Post* (written by Pulitzer Prize winning columnist William Raspberry)

VIII. Research

My major research interests involve: a) assessing the effects of majority and minority group racial stereotypes on subsequent interpersonal judgments and perceptions; b) investigating the impact of Black anti-White stereotypes on healthcare related responses; and c) investigating the role of media in the formation and maintenance of stereotypical beliefs.

Manuscripts (in preparation)

Johnson, J.D (data gathered). The Differential Influence of Group Identity on Stereotype Threat Responses: Differences between Black Africans and Black Americans

Manuscripts (under review)
